Colorado State University
Fort Collins, CO

JEL Classification codes for the search:

- E. Macroeconomics and Monetary Economics
- O. Economic Development, Innovation, Technological Change, and Growth

The Department of Economics at Colorado State University (CSU) invites applications for a full-time, entry-level tenure-track Assistant Professor position in applied macroeconomics. The successful candidate shall teach graduate and undergraduate courses in macroeconomics, maintain a research agenda that complements the Department's graduate fields, and contribute to the Department in service. An interest in obtaining external funding is encouraged. Ph.D. must be completed by the time the appointment begins on 16 August 2018. The successful candidate will be appointed untenured and at the rank of Assistant Professor. Tenure requires both scholarly accomplishment and excellence in teaching. Reflecting departmental and institutional values, candidates are expected to have the ability to advance the Department's commitment to diversity and inclusion.

Applications will be accepted until the position is filled, but full consideration will be extended to those applications received by Monday, 20 November 2017. Once semifinalists have been identified, application materials, including letters of recommendation, will be made available for review by the entire faculty of the Department. For full consideration, reference letters must be uploaded by 27 November 2017.

CONTACT: Interested applicants must submit a cover letter describing their suitability for the position, CV, statements of research and teaching, job market paper and the names and e-mail addresses of three professional references who will be contacted to submit letters of recommendation. Applications must be submitted electronically to <http://jobs.colostate.edu/postings/50349>

CSU is an EO/EA/AA employer and conducts background checks on all final candidates.
